

# SPIRAL Scavenger Hunt

## COMPUTATIONAL FLUENCY

Check off each activity as you complete it!

Work to complete 4 of the 7 activities.

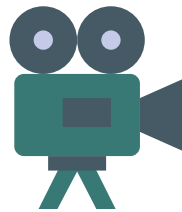

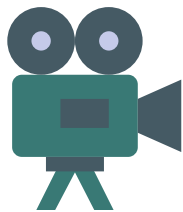

Follow the QR code or go to [mathspiral.com](http://mathspiral.com) to view the Fluency resources on the SPIRAL website.

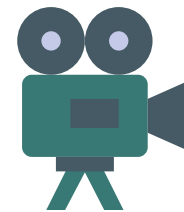

Review Resources tabs

Watch & Reflect:  
Whole-Number  
Computation  
Intervention  
Trackers

Watch & Reflect:  
Select a video on  
Addition or  
Subtraction.

Watch & Reflect:  
Select a video on  
Multiplication or  
Division.

Plan how you will use one of the whole-number computation intervention trackers to guide and monitor instruction during small-group intervention.

Discuss which addition, subtraction, multiplication, and division teaching method you feel most and least confident implementing with your students.
